PARLIAMENT CALLED

TO MEET ON JANUARY 11TH

The House has not Assembled as early in the year since 1896

Bulletin Special Despatch.

Ottawa, November 21st.—At a cabinet meeting to-day an order in council was passed summoning parliament for the dispatch of business on Wednesday January 11th. Parliament has not been called so early since 1896 when the House met on January 2nd. This was the last year of the Conservative reign. In that year Parliament had to prorogue without getting all its business through on account of the expiration of the term.

Bulletin Special Despatch.

Ottawa, November 21st.—Sir Elgar Taschereau, Chief Justice of Canada, was sworn in this afternoon as administrator of the Dominion. He will act in that capacity until the arrival of Earl Gray. The half of the salary goes to the Administrator and the other half to Lord Minto until such time as his successor has been sworn in.

George Goodwin, Ottawa, has been awarded the contract for building the Royal Victoria Museum in Ottawa, price \$950,000.

Sander Sutherland, Kingston, has been awarded the contract for constructing the mint. Price, \$260,000.

Harwood, Ex-M. P., Val-de-Rueil, has been appointed to the vacant postmastership of Montreal.

FAREWELL BANQUET

TENDERED LORD GREY

Before his Departure for Canada to Assume the Governor Generalship

London, November 21.—Lord Strathcona presided at a farewell banquet last night to Earl Grey on the eve of the latter's departure to assume the Governor-Generalship of Canada. There were two hundred guests, including the Archbishop of Canterbury, Earl of Aberdeen, Mr. Broderick, Secretary of India, and a number of other prominent gentlemen. Lord Strathcona proposed the toast "The Dominion of Canada," and the Governor-General, Lord Grey, responding, paid a tribute to the great loyalty of the Canadians, and said that he looked forward with the greatest zest to the five years residence in Canada, whose population, he said, there was every reason to expect, in a few years would equal that of the United Kingdom.

PORT ARTHUR

ON VERGE OF SURRENDERING

A Radical Change Recommended in The Government of Russia

St Petersburg, November 22.—In order to secure the proper development of the life of the state, and people it is necessary that there be regular participation of national representatives sitting as an especially elected body to make laws, regulate the revenue and the expenditure, and control the legality of the actions of the administration. The above is the final form of the declaration of the Zemstvo representatives in favor of the election of a body not to participate in legislation as at first reported, but to be entrusted with the framing of the laws of the Empire. The meeting to-day also reported a declaration in favor of granting general amnesty to political offenders imprisoned or exiled by administration orders.

A special despatch from Tien Tsin printed here stating that the American consul at Chefoo has warned the State Department at Washington of the imminence of the fall of port Arthur. This is received with considerable criticism. The allegation is being made that the despatch was prepared with a desire to help the Japanese war loan.

POULTRY AND PET STOCK

The Alberta Poultry and Pet Stock Association held its first general business meeting of the season on Wednesday evening, the 16th inst., in the offices of McDonald & Griesbach, Edmonton. A large number of officers and members from Edmonton and Strathcona were present. A. C. Rutherford M.L.A. Strathcona, occupied the chair. Several important matters were up for consideration, of the association, the principal item of which was arranging the initiatory plans for the second annual exhibition and convention, which was decided to be held in Edmonton on February 14 and 15, 1905.

In the correspondence read was a letter lately received by the secretary from the Commissioner of Agriculture at Regina, commending the association on their past work and the aims they are trying to advocate and offering very encouraging co-operation and financial support to enable this year's exhibition to be what it should be, viz., the encouraging principally of the farmers to raise a larger quantity and very much better quality of poultry than at present being done. The local and export trade in poultry and eggs is increasing much faster than the supply. With the abundance of most favorable home grown products for this purpose, there is no reason why the poultry industry should not be one of, if not the most profitable branch that our farmers can engage in and this class especially for their own benefit, should take an active interest in the association and the exhibition.

A committee was named to look into and report on the most advisable style of permanent exhibition coops and also one to attend to advertising and printing. Breeders down the line will be offered special inducements to compete this year and become members.

The show held last winter in Strathcona was a very creditable one, especially so as being the first one held by the association, and according to present indications, the one that will be held this season promises to surpass it considerably.

All persons interested in poultry raising or in thoroughbred dogs or other pet stock, which forms an important branch of the exhibition, are requested to become members, and send their names and addresses to the secretary, Mr. W. A. Effe, Edmonton.

Strathcona's New Rink

Regarding the new rink the Strathcona Plaindealer says:

A gang of a dozen carpenters is at work under the supervision of Wm.

Deitz on Strathcona's new hockey rink and granted good weather the structure should be ready for ice in three weeks.

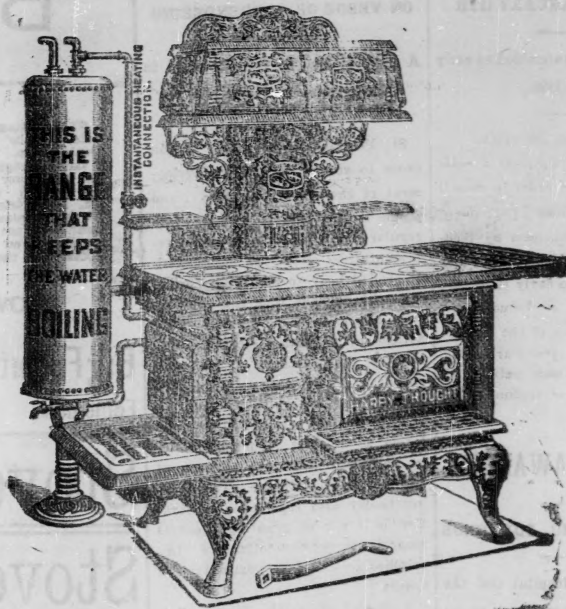

The plan adopted by the committee is one submitted by Architect Wize of Edmonton. The estimated cost of the hockey rink alone, without the curling rink, is between \$4,500 and \$5,000. Some particulars as to the plan of the structure will be of interest at this juncture.

In the first place we must note that the site extends 123 feet along East Railway street and 231 feet along Lumsden avenue. It is proposed to build the hockey rink along the south end of the lots, leaving the avenue side for the curling rink. The buildings will be set back from East Railway street, eight feet to allow a platform of that width between the entrance and the sidewalk. The outside dimensions of the hockey rink are 216 feet by 84 feet, and the extreme height is 38 feet. The ice sheet will be 180 feet long by 60 feet wide. On either side are four rows of seats rising like steps and giving a seating capacity of 960; add to this the standing room at the entrance end and a number of reserved seats in the second storey overlooking the ice, and the total accommodation is for about 1,200 people. At the front end the structure is divided into two storeys for a depth of 17 feet. The main entrance is in the centre, and there is a vestibule ten feet wide on one side of which is the ticket room and skate room. There is also a 'ladies' waiting room, 17 by 26, and a 'gadies' waiting room, 17 by 21 1/2 feet, also toilet rooms on either side. Stairways to the second floor of the front part go up either side within the rink auditorium. Here are two store-rooms, two club rooms and a supper room in the centre, 17 by 32. There are windows in these rooms looking out upon the ice and a place for reserved seats in the centre room.

In the matter of appearance and general arrangement the rink will be very similar to the one in Edmonton but as to style of construction it is very different. The arch of the roof will set upon posts 20 feet high in rows 60 feet apart and each arch will be strengthened by a brace from the top of the post to the sill, 12 feet out. Each arch will be supported by collars and ties of timber at a height of 32 feet from the ice, and iron rods one and a half inches thick crossing at a height of 28 feet from the ice. The rows of seats are to be outside the rows of posts supporting the arched roof, and will be covered by a roof on either side in clean style. The worst feature of this arrangement, and in fact of the whole plan is that the posts will form an obstruction to the view of the spectators of games in progress. Just what this inconvenience will be can hardly be determined, and it is to be hoped that it will not be very great.

AUTONOMY TERMS

It would strike almost anybody that if by reason of increase of population terms which were adequate on December 7, 1901, were \$288,000 short of being adequate on February 3, 1903, with continued proportionate or greater increase of population, he terms last asked will be as much too short now in November, 1904, as those asked on December 7, 1901, were on February 3, 1903. The fact is that has been frequently stated in the Bulletin—that the provincial

Made big enough for a big man to work in with comfort. Has more material in it than any other brand of shirt in Canada. Made on the H.B.K. scale it requires 39 1/2 to 42 yards per dozen, whereas common shirts have only 32 to 33 yards.

That's the reason why the H.B.K. "Big" Shirt never chafes the armpits, is never tight at the neck or wristbands, is always loose, full and comfortable and wears well.

Each shirt bears a tiny book that tells the whole history of the "Big" Shirt, and also contains a notarial declaration that the H.B.K. "Big" Shirt contains 39 1/2 to 42 yards of material per dozen.

The Canadian Northwest Homestead Regulations

Any even numbered section of Dominion Lands in Manitoba or the Northwest Territories, excepting 8 and 28, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section, of 160 acres, more or less.

ENTRY.—Entry may be made per the district in which the land to be taken is situated, or, if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situated, receive authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto, to perform the conditions connected therewith, under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, reside upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent, may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent, countersigned in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon said land.

The term "vicinity" used above is meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clauses 2, 3, or 4, must or substitute 20 head of stock, with buildings for their accommodation, cultivate 30 acres of his homestead, and have besides 80 acres substantiated.

The privilege of a second entry is restricted by law to those settlers only who completed the duties upon their first homesteads to entitle them to patent on or before the 2nd June, 1889.

Every homesteader who fails to comply with the requirements of the homestead law is liable to have his entry cancelled, and the land may be again thrown open for entry.

Application for patent should be made at the end of three years, before the local agent, sub-agent, or Homestead Inspector. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands, at Ottawa, of his intention to do so.

Information.—Newly arrived immigrants will receive at the Immigration Office, in Winnipeg, or at any Dominion Lands Office, in Manitoba or the Northwest Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing land to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the Northwest Territories.

JAMES A. SMART, Deputy Minister of the Interior. N.B.—In addition to Free Grant Lands to which the regulations above stated refer, thousands of acres of most desirable lands are available for lease or purchase from railroad and other corporations and private firms in Western Canada.

The Hewett Company, magicians, opened their Edmonton engagement in Robertson Hall last night. The attendance was small, but the perfect attention of the audience, and the hearty applause, certainly made up for the lack of numbers. There are only three in the company, Mr. and Mrs. Hewett, and their little daughter—and no more were needed. Mr. Hewett proved himself to be a master of his art—the illusions being splendid. The most remarkable of all was the illusion, "Hio." This and the "Louisiana Sunflower" were alone well worth the price of admission. These are only two of a large number of seemingly wonderful feats performed by the company last evening.

PREMIER HAULTAIN'S OPINION

Delighted with His New Scale Williams Piano

Prominent men all over Canada are ever ready to express their appreciation of Canadian productions. Here is a letter recently received by the Williams Piano Co., of Oshawa, from Premier Haultain, of the Northwest Territories:

Dear Sirs,—I am delighted with my new piano (New Scale Williams) which arrived the other day. It is as good in quality as it is handsome in appearance, and has been very highly praised by my musical friends who have played it and heard it.

Yours faithfully,
F. W. G. HAULTAIN.

You know the action of fruit.

Apples, on the kidneys—oranges, for stomach and appetite—prunes and figs for the bowels. But—fresh fruit won't CURE these organs when diseased: they can only HELP to keep them well.

Fruit-a-lives

or Fruit Liver Tablets

can—and DO—cure. They are fruit juices—but changed chemically and medicinally, by our secret process. So remarkable is this conversion, that "Fruit-a-lives" cure all Stomach, Liver, Kidney and Skin Diseases, where the fresh fruit would have no effect on the trouble.

The Small Boy

He indulged much too freely in pie and plum cake, And during the night how his "tummy" did ache, They ran for the doctor, who knowing the fault, Without hesitation prescribed "Abbey's Salt."

Mothers, who want their children to grow into sturdy men and women instead of pale, sallow dyspeptics, should see that the youngsters take a morning glass of ABBEY'S SALT. Children eat irregularly—indiscreetly. ABBEY'S SALT strengthens the stomach—regulates the bowels—so that "pain-killer" and "oil" are never needed. So pleasant to take, that mothers have no trouble in teaching the children to use it.

REVILLON BROTHERS STORES.

POLICE COURT

John Blyezjuk appeared before Magistrate Wade at the Police Court yesterday afternoon charged with receiving stolen goods. Two witnesses were examined, Peter Hordej and Maxine Suchatki or Arthur Heather, as he signed himself. Both are boys of from twelve to fourteen. In reply to questions by W. A. Griesbach who conducted the prosecution, Peter stated that he lived in Edmonton and Maxine said that Fort Saskatchewan was where he lived. Maxine is serving eight months in jail for perjury. C. W. Cross appeared on behalf of the accused.

Hordej was the first witness. He different occasions he had stolen fowl and canned goods from Gallagher and Hull's butcher shop and had taken them to Blyezjuk's house. They ate the fruit and the fowl was laid away. The witness stated that Blyezjuk had told him to steal the fowl and the fruit and that he frequently came down to the cellar of the butcher shop and asked him to get him some turkeys, ducks, etc.

Maxine Suchatki was next called. He was at Blyezjuk's house when Peter had come with the stolen goods. He had given them to Blyezjuk.

This was all the evidence and the Magistrate committed Blyezjuk for trial. He was released on bail of two hundred dollars.

HEARING ADJOURNED

The hearing of the Leduc Hallowe'en murder case came up at the Supreme Court this morning, but was immediately adjourned until next Monday morning. A large number of witnesses were present from Leduc.

CHORAL SOCIETY CONCERT

The first concert of the Edmonton Choral Society will be given in Robertson Hall on Tuesday, Dec. 6th. The Society has been rehearsing for some months the choruses from Gounod's "Redemption." Instead of giving the entire work of the "Redemption," it has been decided by the executive committee to give a concert and take some of the finest choruses from the "Redemption," such as "Lonely Appear," "Unfold! Ye Portals," "From Thy Love as a Father," etc., and the solos directly connected with those choruses. Then there will be "Send out Thy Light," by Gounod, "I Waited for the Lord," from Mendelssohn's "Hymn of Praise," and "Crossing the Bar," by Woodward. Some of our best soloists will also sing choice solos from the great oratorios. This program is one which should both entertain and instruct, and the Society should be greeted with a large audience on the night of Tuesday, December 6th.

TOOK HER OWN LIFE

Chicago, Ill., November 20th.—Miss E. Gesterling of Denver Colorado, killed herself yesterday at her home here by drinking poison at the same time as the body of C. A. Parker, of Cincinnati, a friend of Miss Gesterling was being interred in St. Louis and it is thought she planned to end her life at the hour when the body of her friend was being lowered into the grave.

Parker who was Vice-President of the Cincinnati, Hamilton and Dayton railway was in Chicago ten days ago and during his stay was a frequent caller on Miss Gesterling. From the time of the receipt of news of his death, Miss Gesterling was prostrated. Miss Gesterling and her mother, with whom she was living, were in good health.

CURING THE FILLER

THE Pharaoh filler I select in Manicaragua—Province of Santa Clara, Cuba, is generally harvested in February.

The plants are cut down at daybreak—allowed to remain until eleven o'clock in the morning—until they are properly wilted—then taken to curing houses for drying.

After they are thoroughly dried they are allowed to become moist through atmospheric humidity and then made into "hands." Four of these hands constitute a carat, eighty carats make a bale.

After allowing it to age for three full years, in order to develop its superb fragrance and aroma, I make it up into "Pharaoh."

That's why there is a taste and odor of genuine tobacco in my Pharaoh Cigar.

LOCAL

—About two inches of snow fell at Athabasca Landing last evening.

—A probationary chapter of the St. Andrew's Brotherhood has been recently organized in connection with All Saints' church.

—The Choral Society practice will be held in Sandison's Hall, Tuesday November 22. All members of the society are expected to be at the practice.

—The annual meeting of the ratepayers of the city for the discussion of municipal matters will be held in Robertson Hall on Friday, November 25, at 8 p.m.

—The Hewett Company, magicians appear in Robertson Hall this evening and to-morrow evening. The attendance last night was small, but the audience was a most appreciative one.

—A very successful entertainment was held in the Presbyterian church at Namas last night. There was a good attendance. Rev. D. G. McQueen occupied the chair, and the programme was rendered by the Edmonton Presbyterian choir.

—A party of surveyors arrived in Edmonton last week from Hazelton British Columbia. They left Hazelton with their pack trains and crossed the mountains by way of the Pine River Pass, coming out by way of Fort Assiniboine and Sturgeon Lake. The party is composed of A. Webster, S. A. Pool, E. Bottomly, J. Thompson and P. Cunningham. Mr. Webster was in charge of the party.

—The threshing outfit of John Kennedy, of Poplar Lake, has threshed 27,850 sacks of oats to date. Each sack contains about two and a half bushels. One third of the oats were of excellent quality, one third of a medium quality, good feed oats, and the balance were light and rather poor. Barley turned out splendidly, in all parts of the district. Out of all the wheat threshed only two samples of frozen grain were met with.

PERSONAL

Bishop Reeves, of Athabasca River, arrived in the city on Saturday evening.

LICENSE REFUSED

At the meeting of the License Commissioners yesterday afternoon the application of F. J. Walsh, Strathcona, for a hotel license was considered by the Board but was rejected. There was considerable opposition from Strathcona.
